EXPERIENCE

- ◆ **Project Intern** | National Institute of Technology Tiruchirappalli May 2026 – July 2026
- Conducting research on data leakage detection in Knowledge Graphs.
 - Reviewing privacy-preserving and leakage mitigation techniques through literature surveys.
 - Contributing to experimental evaluation and technical documentation.

EDUCATION

- ◆ **Computer Science Engineering** | TKM College of Engineering CGPA: 8.9 | 2024–2028
- ◆ **XII (CBSE)** | Gokulam Public School 85% | 2024

ACADEMIC PROJECTS

- ◆ **TruthForge AI** - *React, Python, TensorFlow, OpenCV, DeepFace*
- Developed an AI-powered platform for detecting data inconsistencies and media-related vulnerabilities.
 - Implemented image verification and classification pipelines using TensorFlow and OpenCV.
 - Integrated REST APIs and interactive dashboards for real-time analysis and collaboration.
- ◆ **Golf Charity Platform** - *Next.js, React, Node.js, Supabase, PostgreSQL, Stripe API*
- Developed a full-stack platform to manage charity golf events, registrations, and donation workflows.
 - Integrated Stripe payment gateway with webhook-based payment verification for secure transactions.
 - Built role-based dashboards for users and administrators to manage events and donations.
- ◆ **Smart Hostel Complaint Management System** - *React, TypeScript, Spring Boot, Firebase, JWT, NLP*
- Developed a role-based complaint management platform for students, parents, and hostel administrators.
 - Implemented secure authentication and authorization using Firebase Authentication and JWT.
 - Built an AI-powered complaint summarizer using NLP techniques to streamline issue review and prioritization.

SKILLS

- ◆ Java, Python, C, JavaScript, TypeScript
- ◆ HTML, CSS, React.js, Next.js, Tailwind CSS
- ◆ Node.js, Express.js, Spring Boot, REST APIs
- ◆ PostgreSQL, MySQL, Firebase, H2 Database
- ◆ Git, GitHub, VS Code, Vercel, Figma
- ◆ DSA, OOP, DBMS

POSITION OF RESPONSIBILITY

- ◆ **Program Coordinator** | CSI Student Chapter, TKMCE 2025 – 2026
- Coordinated technical workshops, coding competitions, and community events for undergraduate students.
 - Contributed to initiatives promoting peer learning and technical skill development.
- ◆ **Program Manager** | Google Developer Group (GDG) TKMCE 2025 – 2026
- Assisted in organizing developer-focused events, workshops, and technical sessions.
 - Coordinated communication between speakers, volunteers, and participants to ensure smooth event execution.
- ◆ **Year Representative** | MathVentures, TKMCE 2025 – 2026
- Representing student interests and coordinating activities within the Mathematics Club.
 - Contributed to the planning and execution of ESPOIR'26, an inter-collegiate mathematics festival.

ACHIEVEMENTS

- Selected Attendee, Grace Hopper Celebration India (GHCI) 2025 – one of Asia's largest conferences for women in technology.
- Open Source Contributor, GirlScript Summer of Code (GSSoC) 2026 – contributing to collaborative software development projects.
